Atworth Close	05/03/2019	Parishioner via Cllr David Renard Leader, Swindon Council Haydon Wick Ward (Conservative)	There is a footpath that runs between Abbey Meads and Penhill leading up to Groundwell. There are no bins along the way. I understand that perhaps access is needed so the bins can emptied so I would suggest putting a bin near the location of Atworth Close. Akers Way	14/12/2018	Members Hotline: CHANDLER, Jake via Rachel Ind	Dog mess bins have been requested on both sides of Akers Way (preferably near the entrance to the school as this seems to be a popular site for dog walkers) to accommodate dog walkers who walk through the site and residents of Nightingale Rise who obviously have dogs. Pinnacle have received several complaints about the mess and have also requested for signs to be place on the lampposts around the play area.	Broxap Derby Standard Litter Bin	268.95	130
